Dear Mr. Jacobs,

It has been my pleasure to have worked with real estate agent, Jennifer Gilbert, on three occasions - twice as the selling agent and once as the buying agent. Jennifer has been a delight to work with and has shown the utmost professionalism in each transaction. It was, however, the third experience that really showed me the degree of excellence that Jennifer exhibits in her work.

We were challenged with a buyer's agent who made things particularly difficult. Jennifer's tactful handling of the circumstances, combined with her patience and professionalism, was instrumental in allowing the deal to go through. I don't know of many who could have pulled it off at all, let alone as smoothly as Jennifer.

I wholeheartedly recommend Jennifer Gilbert to anyone needing real estate services. I'm sure they will be as pleased with the results as I am.

Kind regards,

Danny Fitzpatrick
